WHY LEAVE A LEGACY?

Because you can change the future for children. The unfortunate reality is that poverty, abuse and neglect are ongoing social problems. These problems demand solutions — and CHS is committed to bringing them.

Because your gift will have a real, significant and long-lasting impact. By including a gift in your will or making the Children's Home Society of Florida Foundation a beneficiary in your retirement plans, you're making a difference for generations of children.

Because every child has potential. And CHS is dedicated to building bridges to success for children throughout Florida.

YOU CAN CHANGE LIVES, STARTING TODAY.

Review your will or living trust with your attorney so you can be confident it reflects your personal and philanthropic wishes.

Discuss with your attorney, accountant or financial planner how a charitable gift might be included in your overall estate plan.

Consider making Children's Home Society of Florida Foundation a beneficiary in your life insurance, pension plan or IRA. Don't forget, you can leave money or other assets to both Children's Home Society of Florida Foundation and your family. Your gift to help our children may even help your loved ones pay less in estate taxes.
