

Community Partnership Schools

Support the Community School Grant funding request of **\$11 Million**

What makes Community Partnership Schools unique?

Community Partnership Schools are proven to improve student behavior, increase academic gains and graduation rates, and enhance parental involvement.

This collaborative approach leverages schools as central hubs toward improving child well-being by addressing key barriers to learning through counseling, medical and dental services, after-school enrichment, mentoring programs, and more.

The model helps create learning environments that offer equitable opportunities and success for all students.

Partnership

- 4+ core partners
- Shared governance
- Collaboration with students, parents and community leaders
- Collaboration with other social service providers and models

Commitment

- 25-year+ commitment
- Serve entire student population – including families
- 25% local match (in kind or cash)

Long-term success

- Built upon a proven model focused on long-term success
- Effectively address the greatest challenges affecting students' ability to learn and succeed:
 - hunger, poverty, insufficient access to healthcare, unsafe environments
 - employment opportunities, housing, transportation, social capital
- Implement services and solutions for sustainable success
- Change futures for students, families and neighboring communities

Improved teacher retention

Improved student behavior

Improved student health

Improved academic performance
