Partnership in Action

"I want to start by saying, I LOVE MY GLASSES! They have made such a difference for me, in so many ways!

Before getting my glasses, I was having horrible headaches, I just wanted to go to bed after school. Covid-19 made it hard for my family to schedule a doctor appointment. We have to see our primary care doctor to be referred to the optometrist and the doctor's office is very busy ... this caused my mom to miss work and I kept missing school.

Having access to the Florida Heiken Mobile Vision Bus right on our school campus made things so much easier! I even got to choose the glasses I wanted and my younger siblings had their eyes examined, too. My sister's prescription was updated and she got a new pair of glasses! My experience with the Heiken Mobile Vision Bus has been amazing, the staff is so nice and now, I no longer suffer from headaches! Everyone should have an eye exam regularly and the Community Partnership School made it possible for my family."
