Five Homes. Five Chefs. Tallahassee.

Children's Home Society of Florida is bringing Chefs' Sampler back but with a TWIST! It's our honor to introduce the third Chefs' Taste of Home coming to Tallahassee on April 11, 2026, from 1-4 pm. We invite epicurean aficionados and experience seekers to join us for a Saturday afternoon indulging in the finest, local cuisine, artfully paired libations, and a walkabout around and within the area's finest homes.

Guests will set off on a guided tour of five, beautiful homes where at each stop enjoy an artfully curated signature dish from an esteemed Chef, wine pairings, and the company of community members who delight in the same explorations.

Funds raised through Chefs' Taste of Home will benefit our North Florida Programs (below) and help us continue to DO GOOD for our CHS children and families.

- **Early Steps**

- When your child has a developmental delay, it can be scary, confusing and overwhelming. We'll help navigate the challenges, celebrate the milestones and help your child reach his or her full potential.

- **Community Partnership Schools**

- By addressing barriers to learning—poverty, mental health struggles, homelessness and others – Community Partnership Schools bring together high-quality academic supports, health care, counseling, mentoring and more.

- **Family Resource Center**

- The family resource center (FRC) model is place-based service delivery strategy designed to empower families and improve childhood outcomes while reducing barriers like transportation and a disconnected system of care. FRCs work with families in a multi-generational, strengths-based, family-centered approach to enhance parenting skills, foster the healthy development and well-being of children, youth, and families, prevent child abuse, increase school readiness, connect families to resources, develop parent and community leadership, engage males and fathers, support healthy marital and couples' relationships, and promote family economic success.

- **Family Intensive Treatment Program (FIT)**

- Parents in the dependency system with children from ages 1-10 years of age and children that have been sheltered due to parental substance use and neglect benefit from this program. The goal for our families is reunification. Our clinical counselor, case manager and peer specialist connect with the families each week providing 3 touch points of support. Our support consists of parenting classes, anger management classes, group therapy and support groups within the program. We attend court, engage in jail visitation and supervise visits for families when applicable.

When you sponsor Chefs' Taste of Home, you become part of an incredible movement led by Children's Home Society of Florida: a world where children realize their full potential.

Together, we will help more children grow up in safe, strong families.
